Dear Mr. Bell ,

Sub./ USPTO Ref. 09/582'634 (App. PCT/TB99/00178)

I 'm sorry, I triad to contact you many times for the last two days , but as you know regarding to the time limits applicable, since you have advised me to wait for that letter dated on 15 August 2000 from your office to me, still I did not receive that letter until now up to this date .

In fact I have received your signed letter dated on 21 August 2000 with the forms documents enclosed, only .

Do I need to wait for that letter(Dated on 15 August 2000) and the form enclosed PCT/DO/EO/905 which I did not receive yet , according to the applicable time limits. Could you please send me a copy of that letter even by Fax .

Would you please inform me about the reliable way of paying the due fees e.g. by any bank account or other recommended way or it is possible by cash in a letter.

The documents you had sent in three copies does your office need to fill 3 copies for each form ?

Please if it is possible to extend the applicable time limits to complete and return the forms , especially the one enclosed with that official letter when I could receive it because of this delay as concerning the returning back mailing period .

I'm still waiting for your reply by your fast mail, please assuring it by a Fax on the above mentioned number.

Thanking you with best regards and my pardon for the many calls .

Much Obliged Sir.

Faithfully yours

Shirwan Al Pasha AL BAHDAINI
